Glasurit refinish products recognized by leading car manufacturers

Glasurit has long been the paint system of choice for discriminating collision repair centers demanding the ultimate in quality and customer satisfaction. That's why nearly every leading car manufacturer in the world, including Tesla, choose our world-class finishes to complete

their visions. Backed by BASF, technologies, and more OEM approvals than any refinish brand on the market. We offer best-in-class color matching, with color formulations for all major manufacturers, along with unparalleled

service and support, ensuring that vehicles are refinished to pre-accident condition. For top-of-the-line beauty that lasts, customer satisfaction and bottom line-boosting performance, choose what the world's leading automotive manufacturers choose. Choose Glasurit.

The complete Glasurit Refinish system is recognized for the safe & proper repair of Tesla vehicles.
