# Introducing the New LP790K & LP810K

## THE SAVINGS ARE BLACK AND WHITE USING L-SHADE GROUND COATS

### SAME TRUSTED QUALITY FROM LIMCO NOW WITH ADDED EFFICIENCY

Save time and money by creating L-shade ground coats using Limco's new LP790K and LP810K black and white primers, along with the existing 800K grey primer now renamed as LP800K. These new primers offer the same great filling, sanding and holdout properties as LP800K. They offer the added ability to blend and form a custom ground coat color along with aiding in finding the right color match.

**SIMPLE SOLUTIONS. SMART VALUE.**
